UNVEILING CEREMONY OF URBAN ELECTRIC VEHICLE UNDER THE AUSPICES OF PNEC HELD AT KARACHI

The students and faculty of Pakistan Navy Engineering College (PNEC) unveiled Urban Electric Vehicle named AZAD-E in an impressive ceremony held at Karachi.

Managing Director Pakistan Navy Dockyard Rear Admiral Mazhar Mehmood Malik was Chief Guest on the occasion. Ceremony was attended by Commandant Pakistan Navy Engineering College (PNEC) Commodore Tauqeer Ahmad Khawaja alongside industrial and corporate dignitaries, academicians, sponsors and students' families.

Speaking at the event, Commandant PNEC highlighted that students of PNEC has a legacy of creating quality projects in various academic disciplines. Students society of the institute 'Team Envision PNEC- NUST' has developed 14 Urban vehicles so far and students of PNEC-NUST have represented the institute on various forums Nationally and internationally. He apprised that students of PNEC are set to represent Pakistan at Teknofest Efficiency Challenge at Turkiye in September 24 to showcase the unveiled Urban Electric Vehicle.

MD Dockyard also lauded the efforts of PNEC students on preparation of an international standard fuel efficient urban vehicle. He highlighted that considering fuel prices vis-a-vis global environment poised on minimal carbon footprint vehicles, the creation of projects like electric urban vehicles is need of the hour. He also lauded the efforts of PNEC in supporting the young talent particularly by providing them conducive learning atmosphere. He assured that academic institutions under the auspices of Pakistan Navy will continue to support youth in there endeavors.
